

LICENSING

A temporary food service license is required for any food service operation that operates at an event for no more than five consecutive days, and serves and/or prepares food for a charge or donation. You are limited to ten temporary food service licenses per licensing period (March 1 – February 28). Operations that have a valid mobile license from any Ohio local health department do not have to obtain a temporary license.

GETTING STARTED

Step 1 – COMPLETE THE APPLICATION FORM

- Complete the attached Temporary Food Service Application and Supplemental Page at least 10 days prior to the event along with the license fee of \$95.00 per event.

Step 2 – PREPARE FOR YOUR INSPECTION

- Prior to the event be informed of all temporary food service license requirements (see the attached “Requirements for a Temporary License”).
- Ensure that you meet all requirements. Applicants that do not meet all requirements will NOT be licensed.
- Contact Youngstown City Health District, Food Safety Program at 330-743-3333 ext. 230, if you have any questions.
- A Temporary Event Food Operation Checklist is attached for your reference to ensure that you meet ALL requirements. If all of the requirements are not met, a license may not be granted.

Step 3 - THE INSPECTION

- A food safety specialist will perform an inspection of your temporary stand the day of the event to ensure all requirements are met.
- Upon successful completion of the inspection you will be issued a temporary food service license.
- Display your license in plain view for your customers.

SUPPLEMENTAL PAGE

PLEASE FILL OUT AND SUBMIT WITH APPLICATION AND FEE

Where did you purchase the food and/or ingredients for the food items you will be selling at the event? List all vendors, suppliers and/or licensed facilities.

Please list cold holding units and hot holding units – Required to cold hold at 41 F or below and 135 F or above. All raw meats must be stored in NSF commercial grade equipment unless approved by the health Department prior to the event.

Please list your menu items below

Please draw an overhead view of how you will set up your temporary food operation. Include your handwashing station and location(s) of food storage, food preparation, all cooking equipment and refrigerated units and shelving.

REQUIREMENTS FOR A TEMPORARY LICENSE

PREPARATION AND TEMPERATURES

- All food must come from an **approved source** and it must be prepared in a licensed food service operation **OR** at the site of your temporary food service operation during the event. **FOOD PREPARED AT HOME WILL NOT BE PERMITTED**
- Food preparation on site must be conducted with the use of clean utensils, and on smooth, cleanable surfaces (e.g., cutting boards).
- Foods must be cooked according to the proper temperatures below:

Product	Temperature in Fahrenheit
Poultry and ground poultry	165 F for 15 seconds
Stuffing and casseroles	165 F for 15 seconds
Ground meats	155 F for 15 seconds
Injected meats	155 F for 15 seconds
Pork, beef, veal, lamb, goat	145 F for 15 sec; roast 145 F for 4 minutes.
Fish	145 F for 15 seconds
Shell eggs for immediate service	145 F for 15 seconds

Cooking Temperatures

- All foods must be transported and held at the proper temperature.
 - All cold Temperature Controlled for Safety (TCS) foods such as meat, eggs, cut leafy greens, and dairy products must be maintained at **41 F or below**.
 - All hot TCS foods such as cooked meats, soups, hot sandwiches, hot dogs, must be maintained at an internal temperature of **135 F or above**.
 - If ice is used to keep food and packaged drinks cold, it cannot be used for consumption.
- A calibrated food thermometer is required to be onsite to ensure proper holding and cooking temperatures.

FOOD PROTECTION AND STORAGE

- Food and utensils must be stored off the ground. This includes drinks, oils, fruits, and vegetables. Pallets, crates and tables are acceptable means to keep items off the ground.
- All areas of the temporary food service operation must be protected from the weather. Tents and other types of overhead structures are acceptable. Any open flame grills or fryers must be placed outside the overhead covering in accordance to local fire codes.
- Food products on display (i.e. condiments) must be shielded or covered to protect from possible contamination. This includes the use of lids, covers and sneeze guards.

REQUIREMENTS FOR A TEMPORARY LICENSE

FOOD HANDLING AND GENERAL HYGIENE

- The use of gloves, clean utensils, deli tissue, spatulas, and tongs may be used to handle ready-to-eat foods. Bare hand contact with ready-to-eat foods is prohibited. Examples of ready-to-eat foods include buns, cheese, cut fruit, and lettuce.
- Food workers must be healthy and are not showing symptoms of illness or disease such as diarrhea, nausea, fever, sore throat, or have open sores or infected wounds.
- Food handlers must restrain their hair. Hats, hair nets and visors may be used.
- No eating or smoking is permitted within the temporary space. Drinks may be consumed, if they are in a covered container with a straw, and stored in a manner to prevent contamination risks.

HAND WASHING AND DISH WASHING

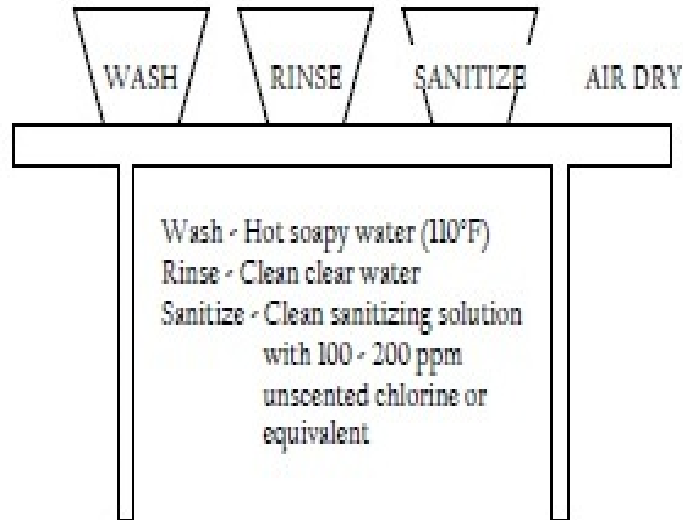

- It is essential that proper hand washing procedures are being followed and all necessary hand washing supplies are present.
- This includes a hand washing station that is able to provide warm water in a continuous flow (e.g. coffee urn), soap, single-use towels and a bucket to collect unclean wastewater.
- Employees must wash their hands:
 - Prior to starting food handling activities
 - After using the restroom
 - After touching their clothes and any body part
 - After sneezing, coughing, blowing your nose, eating and drinking.
 - After handling money or other soiled items
 - After handling the trash
 - After the use of cell phones
- A means to wash-rinse-sanitize utensils and equipment is required. Large bus tubs or plastic basins that are large enough to submerge your largest piece of equipment are required.
- Warm water and dish soap must be available to wash any dishes or utensils. Items must be aired dried. The hand washing station may not be used to wash any dishes or utensils.

REQUIREMENTS FOR A TEMPORARY LICENSE

HAND WASHING AND DISH WASHING (CONTINUED)

- An approved sanitizer must be used. You are permitted to use sanitizer tablets (quaternary ammonium) or regular unscented bleach. You must also have the proper sanitizer test strips to test the concentration of sanitizer solution.

- The most common sanitizer is regular unscented bleach
 - Using 1cap full of bleach to 1gallon of water. That is equal to about 100 ppm
- If you use tablets, the proper concentration should be 200 ppm.
 - Quaternary sanitizer can be used per manufacturer instructions to equal 200 ppm
- Vendors must use a food grade hose when accessing potable water. LIQUID AND SOLID WASTE
- All waste water must be disposed of properly. Do not dispose of liquid or solid waste in creeks/streams or directly on the ground. Solid waste and trash must be disposed of in trashcans and transported to an approved waste disposal area.

LIQUID AND SOLID WASTE

- All waste water must be disposed of properly. Do not dispose of liquid or solid waste in creeks/streams or directly on the ground. Solid waste and trash must be disposed of in trash cans and transported to an approved waste disposal area.

INSPECTION CHECKLIST

(keep this page for your use)

In order to be prepared for your inspection, please make sure that all requirements have been met.

- The Application to Conduct a Temporary Food Operation has been completed and submitted to Youngstown City Health District **at least 10 days prior to the event** along with the fee of \$95.00 per event (up to 5 consecutive days per temporary license)
- Foods are obtained from approved sources or prepared in a licensed food operation. Hair restraints are available.
- Disposable gloves, tongs and/or utensils are available to ensure that there is NO bare hand contact with ready to eat foods.
- A working and properly calibrated food thermometer is available.
- All workers are healthy; wear clean outer garments and do not smoke in the temporary food operation.
- A protective covering is available to cover the entire food operation, exclusive of equipment with open flames.
- A means to transport and hold all TCS hot foods at least 135 F, and all cold TCS foods at or below 41F are available.
- Three basins large enough to submerge your largest piece of equipment are available along with dish soap, warm water, sanitizer and the correct sanitizer test strips.
- A handwashing station that water in a continuous flow container, hand soap, and single use paper towels are available.
- A means to keep all food at least six inches off the ground.
- A food grade hose is available with a backflow prevention device, if water will be supplied by a hose.

Please take notice: No home produced foods will be permitted unless you comply with cottage foods regulations or have a home baker's license from the Ohio Department of Agriculture. All foods must be prepared and/or cooked on site or in a licensed facility.
