Ready to choose your benefits?

We can point you in the right direction.

Blue Access PPO/ Vision / Dental
City of Youngstown
Effective May 1, 2018

This guide is for information purposes only. You must enroll in a plan for your benefits to start.
Let's take a look

We know picking a health plan is a big deal, so this guide makes it easier for you to understand your benefit options. We’ll explain how the plans work and give you other important details. That way you can enroll with confidence!

In this guide, you'll find:
- Your health care basics
- How to use your health plan
- Dental and vision benefits
- Health and wellness programs
- Your privacy and rights

Pay a visit to anthem.com to get an idea of what you can do once you’re a member. Find a doctor, estimate care costs, sign up to get emails instead of mail and much more!
Know your health care basics
Learn about the kinds of costs you’ll share with your plan

This chart is only an example. Your actual cost share will depend on your plan, the service you get and the doctor you choose. For your actual cost share, see your plan details.

You pay your deductible.
This is a set amount that you pay before we start sharing in the cost of the covered health care you receive. If your plan has copays (flat fees like $30 for each visit) along with a deductible, you only need to pay the copay for most doctor visits.

What happens after I pay my deductible?
You pay a copay or a percentage of the cost, also called coinsurance, each time you receive care for covered services, and then your plan covers the rest.

What’s an out-of-pocket limit?
Each year, there’s a maximum amount you can pay out of your own pocket for covered services — that’s your out-of-pocket limit. Once you’ve reached that limit — it varies by plan — we cover the rest for covered services. If you visit doctors or hospitals that aren’t in your plan, you’ll still have out-of-pocket costs. With some plans, you still have copays even after you reach your out-of-pocket limit.

What about the money for the plan that gets taken out of my paycheck?
That’s what you pay for the plan. Think of it like a membership fee. It’s separate from what you pay when you get care.
Using your health plan

How to get started with your plan and make the best of your benefits.

Choose a doctor in your plan

Avoid getting care from doctors outside of your plan; it will cost you more or your plan may not cover it at all. We’ve made it easy for you to find doctors in your plan. Visit anthem.com to look for a primary care doctor, hospitals, labs and other health care professionals in your plan.

Use your ID card

You’ll be a member after you complete enrollment and your benefits begin. Then, you’ll be able to use your ID card. Don’t forget, it’s always available on the Anthem Anywhere mobile app. It’s like your passport to care since you’ll need to show it whenever you go to the doctor.

Anthem.com

Once your benefits begin and you access your ID card, register on anthem.com or on the Anthem Anywhere mobile app to get personalized information about your wellness programs and health plan.

- Find a doctor.
- Estimate your costs, before you step into the doctor’s office.
- Set up your communication preferences to receive important information electronically, instead of by mail.

Learn more at anthem.com/guidedtour.

Preventive care is covered at no extra cost

Preventive care from a doctor in your plan is covered at 100%. Getting these regular checkups, screenings and shots can help you stay healthy and catch problems early – when they’re easier to treat. So, talk to your doctor about what preventive care you may need to protect your health.

Save emergency room visits for emergencies only

Knowing where to go for care saves you time and money. So if you have a real emergency, head straight to the ER or call 911. Otherwise, visit your regular doctor or an urgent care center for minor medical issues.

We’re here for you

When you become a member, you can get your questions answered in the way that works best for you.

- By phone: Call the Member Services number on your mobile ID card.
- Online: Register at anthem.com or download the Anthem Anywhere mobile app to chat with a team member.

Done driving to the doctor? Hey there, Live Health Online!

You can visit a board-certified doctor 24/7 for simple things like the cold, flu, allergies and more with no appointments and no waiting room. All you need is the LiveHealth Online mobile app or a computer with a webcam to have a video visit with a doctor.** LiveHealth Online costs as little as an office visit or at most $49. Learn more at livehealthonline.com.

**Prescription availability is defined by physician judgment and state regulations. LiveHealth Online is available in most states and is expected to expand in the near future. Visit livehealthonline.com to see the service map by state.
Dental and Vision benefits

When you enroll, you'll probably need to sign up separately for the benefits in this section.

**Dental**

Dental benefits not only protect your teeth, but can support overall health, too. Some conditions like heart disease, for example, can have warning signs in the mouth and gums. Our dental plan gives you all the benefits you need for a healthy mouth and more.

**Vision**

With Blue View Vision℠, you have access to over 36,000 doctors at over 27,000 locations across the country, including convenient retail stores like LensCrafters® Sears Optical℠, Target Optical®, JCPenney® Optical and most Pearle Vision® stores. You also can order glasses and contacts online through Glasses.com (glasses.com), ContactsDirect (ContactsDirect.com) or 1-800-CONTACTS (1800contacts.com).

Your Anthem ID card gives you access to quality care from quality doctors.
Health and wellness programs support you along the way

Your plan goes way beyond covering doctor visits

We can help you reach your health goals and save money on healthy products and services. After your benefits begin, you can access these programs and tools on anthem.com or by calling the Member Services number on your mobile ID card.

24/7 NurseLine — Our registered nurses can answer your health questions wherever you are — any time, day or night. All you have to do is call.

ConditionCare — Get support from a dedicated nurse team if you have asthma, diabetes, heart disease or heart failure. You work with dietitians, health educators and pharmacists to help you reach your goals and feel your best.

Future Moms — Moms-to-be get one-on-one support from registered nurses to help them have a healthy pregnancy, a safe delivery and a healthy baby.

LiveHealth Online — Using LiveHealth Online, you can have a video visit with a board-certified doctor or therapist on your smartphone, tablet or computer with a webcam. It’s easy to use and there when you need it. All you have to do is sign up at livehealthonline.com or download the app.

Online Wellness Toolkit — The Online Wellness Toolkit gives you tools to set and achieve your unique health goals. It includes a Health Assessment for identifying health risks, guidance for lowering those risks, personalized trackers to monitor progress and fun activities that promote healthier decision-making.
Your plan details

In this next section, you’ll find more information about your plan.

#### Prescription Drugs
- **Anthem National Drug List**

**Network Tier structure equals 1/2/3**

- **Network Retail Pharmacies:**
  - (90-day supply)
  - Includes diabetic test strip
  - Network Retail Pharmacies:
  - $15/$30/$60
  - $30/$60/$120

- **Home Delivery Service:**
  - (90-day supply)
  - Includes diabetic test strip
  - Home Delivery Service:
  - No cost share

**Member may be responsible for additional cost when not selecting the available generic drug.**

**Members have additional cost with retail supply greater than 30 days.**

#### Medicare Rx - Wrap

**Notes:**
- All medical and prescription drug deductibles, copayments and coinsurance apply toward the out-of-pocket maximum (excluding Non-Network Human Organ and Tissue Transplant (HOTT) Services)
- Deductible(s) apply to covered medical services listed with a percentage (%) coinsurance, including 0%. However, the deductible does not apply to Emergency Room Services where a copayment & (%) coinsurance applies and may not apply to some Behavioral Health services where coinsurance applies
- Network and Non-network deductibles, copayments, coinsurance and out-of-pocket maximums are separate and do not accumulate toward each other.
- Dependent Age: to end of the month which the child attains age 26
- Specialist copayment is applicable to all Specialists excluding General Physicians, Internist, Pediatricians, OB/GYNs and Geriatrics or any other Network Provider as allowed by the plan.
- When allergy injections are rendered with a Physicians Home and Office Visit, only the Office Visit cost share applies. When the Office Visit cost share is a % coinsurance, deductible and coinsurance apply to allergy injections
- No cost share (NCS) means no deductible/copayment/coinsurance up to the maximum allowable amount. 0% means no coinsurance up to the maximum allowable amount. However, when choosing a Non-network provider, the member is responsible for any balance due after the plan payment.
- PCP is a Network Provider who is a practitioner that specializes in family practice, general practice, internal medicine, pediatrics, obstetrics/gynecology, geriatrics or any other Network provider as allowed by the plan.
- SCP is a Network Provider, other than a Primary Care Physician, who provides services within a designated specialty area of practice.
- Live Health Online (LHO) is covered at the PCP cost share in network.
- Certain diabetic and asthmatic supplies have no deductible/copayment/coinsurance up to the maximum allowable amount at network pharmacies except diabetic test strips.
- Benefit period = calendar year
- Mammograms (Diagnostic) are no copayment/coinsurance in Network office and outpatient facility settings.
- Behavioral Health Services: Mental Health and Substance Abuse benefits provided in accordance with Federal Mental Health Parity.
Your Summary of Benefits

- Preventive Care Services that meet the requirements of federal and state law, including certain screenings, immunizations and physician visits are covered.
- Private Duty Nursing – limited to 82 visits/Calendar Year
- Vision limited services – additional vision services are covered when specifically coded as determination of refraction, routine ophthalmological examination including refraction for new and established patients, and a visual functional screening for visual acuity. No additional ophthalmological services are covered as part of the medical coverage.

2 We encourage you to review the Schedule of Benefits for limitations.
3 Kidney and Cornea are treated the same as any other illness and subject to the medical benefits.
5 Rx non-network diabetic/asthmatic supplies not covered except diabetic test strips.

Precertification:
Members are encouraged to always obtain prior approval when using non-network providers. Precertification will help the member know if the services are considered not medically necessary.

Pre-existing Exclusion Period: none

This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits.

This summary of benefits is intended to be a brief outline of coverage. The entire provisions of benefits and exclusions are contained in the Group Contract, Certificate, and Schedule of Benefits. In the event of a conflict between the Group Contract and this description, the terms of the Group Contract will prevail.

</table>
At Anthem Blue Cross and Blue Shield, we understand that vision benefits are essential to maintaining your overall health and well-being. After all, a slight miscorrection in eyesight can reduce productivity by 10% and work accuracy by nearly 40%. Computer eyestrain can reduce productivity between 10 and 50%.

Blue View Vision, our vision program, provides a cost-effective vision plan that includes exams and eyewear available through a broad range of eye care providers and locations. The plan is easy to use and offers savings beyond basic coverage. Blue View Vision provides you with an innovative vision program to meet your unique needs and improve your overall wellness.

**Finding a Blue View Vision Provider**

Blue View Vision has an extensive national network of participating providers contracted under a vendor agreement with EyeMed Vision Care. You can easily find a provider conveniently located near you. Nationally, we contract with independent optometrists and ophthalmologists as well as retail locations such as LensCrafters®, Target Optical, Sears Optical, JCPenney Optical, and most Pearle Vision locations. Please call Blue View Vision at (866) 723-0515 if you have questions about your vision benefits or need to locate a provider.

**Using a Participating Provider**

By using a participating provider, you minimize your out-of-pocket expenses and receive the benefits of not having to hassle with paperwork, since the participating provider verifies your eligibility and obtains all the necessary information. You simply pay your copayment and any remaining balance at the time of your appointment.

Blue View Vision providers offer you discount pricing, which is significantly below retail. You receive substantial savings (15%-40% or more) on most additional eyewear pair purchases, conventional contact lenses, lens treatments, specialized lenses and various sundry items.

**Using a Non-Participating Provider**

If you choose to go to a non-participating (non-network) provider, you must pay the provider directly at the time of service. Out-of-network claims must be submitted by you. Simply submit a claim for reimbursement. When using a non-participating provider, your coverage may be limited and your out-of-pocket expenses may be greater.

---

1 Jan. '04 issue of Optometry: Journal of the AOA
Blue View Vision Exclusions & Limitations

This is a primary vision care benefit and is intended to cover only eye examinations and corrective eyewear. Materials and any items not covered above may be purchased at discount pricing from a Blue View Vision provider. In addition, benefits are payable only for expenses incurred while the group and insured person’s coverage is in force.

- The schedule above represents the plan allowance toward eligible benefits and may not cover all charges.
- The next frequency of the eligible benefits are based upon last date of service.
- The lens option discount program is listed above for informational purposes only. It is subject to change without notice and is not included in the Certificate of Insurance.
- Insured members receive 20% off the balance over the plan allowance for frames and 15% off the balance for conventional contact lenses.
- See the Certificate of Insurance (Certificate) for definitions of elective and non-elective contact lenses.

Experimental or Investigative. Any experimental or investigative services or materials.

Crime or Nuclear Energy. Conditions that result from: (1) insured person’s commission of or attempt to commit a felony; or (2) any release of nuclear energy, whether or not the result of war, when government funds are available for treatment of illness or injury arising from such release of nuclear energy.

Uninsured. Services received before insured person’s effective date or after coverage ends.

Excess Amounts. Any amounts in excess of covered vision expense.

Vision Exams or Tests. Any routine examinations required by an employer in connection with your employment.

Work-Related. Work-related conditions if benefits are recovered or can be recovered, either by adjudication, settlement or otherwise, under any workers’ compensation, employer’s liability law or occupational disease law, even if insured person does not claim those benefits.

Government Treatment. Any services actually given to the insured person by a local, state or federal government agency, except when payment under this plan is expressly required by federal or state law. We will not cover payment for these services if insured person is not required to pay for them or they are given to the insured person for free.

Services of Relatives. Professional services or supplies received from a person who lives in insured person’s home or who is related to insured person by blood or marriage.

Voluntary Payment. Services for which insured person is not legally obligated to pay. Services for which insured person is not charged.

Services for which no charge is made in the absence of insurance coverage.

Not Specifically Listed. Services not specifically listed in this plan as covered services.

Private Contracts. Services or supplies provided pursuant to a private contract between the insured person and a provider, for which reimbursement under the Medicare program is prohibited, as specified in Section 1802 (42 U.S.C. 1395a) of Title XVIII of the Social Security Act.

Eye Surgery. Any medical or surgical treatment of the eyes and any diagnostic testing. Any eye surgery solely or primarily for the purpose of correcting refractive defects of the eye such as nearsightedness (myopia) and/or astigmatism. Contact lenses and eyeglasses required as a result of this surgery.

Sunglasses. Sunglasses and accompanying frames.

Safety Glasses. Safety glasses and accompanying frames.

Hospital Care. Inpatient or outpatient hospital vision care.

Orthoptics. Orthoptics or vision training and any associated supplemental testing.

Non-Prescription Lenses. Any non-prescription lenses, eyeglasses or contacts. Plano lenses or lenses that have no refractive power.

Cosmetic Options. Blended lenses/no line, oversize lenses, progressive multifocal lenses, photochromatic lenses, tinted lenses, coated lenses, cosmetic lenses or processes, and UV-protected lenses.

Lost or Broken Lenses or Frames. Any lost or broken lenses or frames, unless insured person has reached a new benefit period.

Combined Offers. Not combined with any offer, coupon, or in-store advertisement.
Take care of yourself. Use your preventive care benefits.

Getting regular checkups and exams can help you stay well and catch problems early. It may even save your life.

Our health plans offer the services listed in this preventive care flier at no cost to you. When you get these services from doctors in your plan’s network, you don’t have to pay anything out of your own pocket. You may have to pay part of the costs if you use a doctor outside the network.

Preventive versus diagnostic care

What’s the difference? Preventive care helps protect you from getting sick. Diagnostic care is used to find the cause of existing illnesses. For example, say your doctor suggests you have a colonoscopy because of your age when you have no symptoms. That’s preventive care. On the other hand, say you have symptoms and your doctor suggests a colonoscopy to see what’s causing them. That’s diagnostic care.

Child preventive care

Preventive physical exams

Screening tests:
- Behavioral counseling to promote a healthy diet
- Blood pressure
- Cervical dysplasia screening
- Cholesterol and lipid level
- Depression screening
- Development and behavior screening
- Type 2 diabetes screening
- Hearing screening
- Height, weight and body mass index (BMI)
- Hemoglobin or hematocrit (blood count)
- HPV screening (female)
- Lead testing
- Newborn screening
- Screening and counseling for obesity
- Counseling for those ages 10-24, with fair skin, about ways to lower their risk for skin cancer
- Oral (dental health) assessment when done as part of a preventive care visit
- Screening and counseling for sexually transmitted infections
- Tobacco use: related screening and behavioral counseling
- Vision screening when done as part of a preventive care visit

Immunizations:
- Diphtheria, tetanus and pertussis (whooping cough)
- Haemophilus influenza type b (Hib)
- Hepatitis A and Hepatitis B
- Human papillomavirus (HPV)
- Influenza (flu)
- Measles, mumps and rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Polio
- Rotavirus
- Varicella (chickenpox)

Women’s preventive care:
- Well-woman visits
- Breast cancer, including exam, mammogram, and genetic testing for BRCA 1 and BRCA 2 when certain criteria are met
- Breast-feeding: primary care intervention to promote breast-feeding support, supplies and counseling (female)
- Contraceptive (birth control) counseling
- FDA-approved contraceptive medical services provided by a doctor, including sterilization
- Counseling related to chemoprevention for women with a high risk of breast cancer
- Counseling related to genetic testing for women with a family history of ovarian or breast cancer
- HPV screening
- Screening and counseling for interpersonal and domestic violence
- Pregnancy screenings: includes, but is not limited to, gestational diabetes, hepatitis, asymptomatic bacteriuria, Rh incompatibility, syphilis, iron deficiency anemia, gonorrhea, chlamydia and HIV
- Pelvic exam and Pap test, including screening for cervical cancer

The preventive care services listed are recommendations as a result of the Affordable Care Act (ACA, or health care reform law). The services listed may not be right for every person. Ask your doctor what’s right for you, based on your age and health condition(s).

This sheet is not a contract or policy with Anthem Blue Cross and Blue Shield. If there is any difference between this sheet and the group policy, the provisions of the group policy will govern. Please see your combined Evidence of Coverage and Disclosure Form or Certificate for Exclusions and Limitations.
Adult preventive care

Preventive physical exams

Screening tests:

- Alcohol misuse: related screening and behavioral counseling
- Aortic aneurysm screening (men who have smoked)
- Behavioral counseling to promote a healthy diet
- Blood pressure
- Bone density test to screen for osteoporosis
- Cholesterol and lipid (fat) level
- Colorectal cancer, including fecal occult blood test, barium enema, flexible sigmoidoscopy, screening colonoscopy and related prep kit and CT colonography (as appropriate)
- Depression screening
- Hepatitis C virus (HCV) for people at high risk for infection and a one-time screening for adults born between 1945 and 1965
- Type 2 diabetes screening

Immunizations:

- Diphtheria, tetanus and pertussis (whooping cough)
- Hepatitis A and Hepatitis B
- HPV
- Influenza (flu)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Varicella (chickenpox)
- Zoster (shingles)

Eye chart test for vision
- Hearing screening
- Height, weight and BMI
- HIV screening and counseling
- Lung cancer screening for those ages 55-80 who have a history of smoking 30 packs per year and still smoke, or quit within the past 15 years
- Obesity: related screening and counseling
- Prostate cancer, including digital rectal exam and PSA test
- Sexually transmitted infections: related screening and counseling
- Tobacco use: related screening and behavioral counseling
- Violence, interpersonal and domestic: related screening and counseling
- Measles, mumps and rubella (MMR)
- Varicella (chickenpox)

A word about pharmacy items

For 100% coverage of over-the-counter (OTC) drugs and other pharmacy items listed below, the person receiving the item(s) must meet the age and other specified criteria. You need to work with your in-network doctor or other health care provider to get a prescription for the item(s) and take the prescription to an in-network pharmacy. Even if the item(s) do not “need” a prescription to purchase them, if you want the item(s) covered at 100%, you have to have the prescription.

Child preventive drugs and other pharmacy items — age appropriate:

- Dental fluoride varnish to prevent tooth decay of primary teeth for children from birth to 5 years old
- Fluoride supplements for children from birth through 6 years old

Adult preventive drugs and other pharmacy items — age appropriate:

- Aspirin use for the prevention of cardiovascular disease including aspirin for men ages 45-79 and women ages 55-79
- Colonoscopy prep kit (generic or OTC only) when prescribed for preventive colon screening
- Tobacco cessation products including select generic prescription drugs, select brand-name drugs with no generic alternative, and FDA-approved over-the-counter products, for those 18 and older
- Vitamin D for men and women over 65

Women’s preventive drugs and other pharmacy items — age appropriate:

- Contraceptives including generic prescription drugs, brand-name drugs with no generic alternative, and over-the-counter items like female condoms or spermicides
- Low dose aspirin (81 mg) for pregnant women who are at increased risk of preeclampsia
- Folic acid for women 55 years old or younger
- Breast cancer risk-reducing medications following the U.S. Preventive Services Task Force criteria (such as tamoxifen and raloxifene)

1 The range of preventive care services covered at no cost share when provided in-network are designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your Certificate of Coverage or call the Customer Service number on your ID card.

2 Some plans cover additional vision services. Please see your contract or Certificate of Coverage for details.

3 Check your medical policy for details.

4 Breast pumps and supplies must be purchased from an in-network medical provider for 100% coverage; we recommend using an in-network durable medical equipment (DME) supplier.

5 This benefit also applies to those younger than 10.

6 Counseling services for breast feeding (lactation) can be provided or supported by an in-network (participating) provider such as a midwife, ob-gyn, family medicine doctor, and hospitals with no member cost-share expense (deductible, copay, coinsurance). Contact the provider to determine if lactation counseling services are available.

7 You may be required to get prior authorization for these services.

8 A cost share may apply for other prescription contraception, based on your drug benefits.

9 The cost share will be waived if the use of the multi-source brand is deemed medically necessary by your doctor.

10 Some plans cover additional vision services. Please see your contract or Certificate of Coverage for details.

Skip the drugstore – have your medicine delivered to your home!

Why wait in line at the drugstore if you don’t have to? If you take prescribed medicine on a regular basis, you can get up to a 90-day supply delivered to your door.¹ And depending on your plan, you may save on copays because the cost of a 90-day supply of many drugs is usually less than three 30-day refills. On average, members save up to 25% on their copay when they use home delivery.² Standard shipping is free, and you can even set up automatic refills.

Getting started with home delivery is easy:

1. Go online to get a prescription order form.

Visit anthem.com, choose Manage Your Prescriptions from the home page and log in with your username and password. If you haven’t signed up on the site yet, you’ll need to do that first.

On your personal pharmacy page, select Start a New Prescription.

That’ll take you to the site of the company that helps manage our prescription benefits.³ There, you can download and print the physician fax form or, if you already have a new prescription for a 90-day supply of medicine from your doctor, download the home delivery mail form. You’ll use one of these forms to send in your prescription.

2. Get a new prescription from your doctor for home delivery.

You’ll need an up-to-90-day supply prescription. Your doctor can send in your prescription through eprescribe or fax it using the physician fax form from step 1.

Also ask your doctor for a 30-day prescription. Get this filled at your regular pharmacy to make sure you have enough medicine to last until you get your first home delivery prescription.
3. Send in your prescription

Fill out the home delivery order form and mail it to the address on the form. Be sure to include prescription and payment information along with it.

or

Your doctor can fill out the physician fax form and fax or efax it to the number on the form.

4. Pay for your prescription.

You can pay by check, echeck, money order, credit or debit card, flexible spending account or health savings account.

You can sign up for e-payments or have your credit card on file online. To set up your payments, go to anthem.com, choose Manage Your Prescriptions from the home page and log in.

Then, select Start a New Prescription. Once you’re on our prescription benefit manager’s site, select My Account to choose how you’d like to pay.

If you want to use our Home Delivery Pharmacy and are enrolled in a program that helps you with your copay or if you use manufacturer coupons to help pay for prescriptions, you’ll need to give the program or manufacturer detailed claim information and a receipt to get paid back. The company that manages our prescription benefits can’t bill us or these third parties for prescriptions you fill through home delivery.

A few important things to know

- If your doctor prescribes a brand-name drug, your pharmacy plan may require the home delivery pharmacy to send a generic version instead.
- All prescriptions and refills, including those sent by your doctor, will be filled as soon as the home delivery pharmacy gets them.
- In most cases, your first order will arrive within two weeks after the home delivery pharmacy gets it. After that, the orders will arrive within one week.
- If you need your medicine sooner, you can call the home delivery pharmacy and ask for overnight delivery. It will still take 3 to 5 days to process the order, plus the shipping time. You’ll be charged extra for the faster shipping.
- Your orders will be delivered by the U.S. Postal Service, UPS or FedEx.
- With some drugs, you may need to sign to accept delivery.

1. Supplies are based on your pharmacy plan design.
2. Express Scripts internal data, 2017.
3. Express Scripts is a separate company that manages pharmacy services for our health plan members.
4. Drugs that are defined as controlled substances are highly regulated, which requires the home delivery pharmacy to follow special rules for filling these prescriptions.

Important reminders and other information

Check that your doctor has prescribed the maximum days’ supply allowed by your plan (not a 30-day supply), plus refills for up to 1 year, if appropriate. Also, ask your doctor or pharmacist about safe, effective, and less expensive generic drugs.

Complete the Health, Allergy & Medication Questionnaire.

There may be a limit to the balance that you can carry on your account. If this order takes you over the limit, you must include payment. Avoid delays in processing by using e-checks or a credit card. (See Section 3 for details.)

If you are a Medicare Part B beneficiary AND have private health insurance, check your prescription drug benefit materials to determine the best way to get Medicare Part B drugs and supplies. Or, call Member Services at the phone number found on your ID card. To verify Medicare Part B prescription coverage, call Medicare at 1.800.633.4227.

Express Scripts will make all possible efforts, as appropriate by law, to substitute generic formulations of medication, unless you or your doctor specifically directs otherwise.

Pennsylvania and Texas laws permit pharmacists to substitute a less expensive generic equivalent for a brand-name drug unless you or your doctor directs otherwise.

Check the box if you do not wish a less expensive brand or generic drug.

Please note that this applies only to new prescriptions and to any refills of that prescription.

For additional information or help, visit us at Express-Scripts.com or call Member Services at the phone number found on your ID card. TTY/TDD users should call 1.800.759.1089.

Federal law prohibits the return of dispensed controlled substances.

The Medco Pharmacy is now a part of the Express Scripts family of pharmacies.

Place your prescription(s), this form, and your payment in the envelope provided. Be sure the address shows through the window. Do not use staples or paper clips.

Maximize your benefits and save money with these smart tips.

Here are a few easy action steps you can take to maximize your benefits and save money:

**Action Step #1: Choose a primary care physician (PCP).**

Choosing a PCP is a pretty personal thing, and not as easy as it sounds. You don’t want to just choose a name out of the phone book. Finding someone you can relate to, feel comfortable with, and trust is a big deal. When you find the right PCP, that doctor can make a world of difference in many ways. Your PCP gets to know the “overall you,” not just bits and pieces – like your health history and habits – and can more easily see changes and make recommendations. Your PCP acts as your starting point for all questions, preventive checkups, and for coordinating your health care needs. Your PCP can help avoid duplication of tests and ensure that all your medicines work well together. And your PCP can help you stay healthy and manage ongoing health problems – which can help lower your health care costs, avoid days off work, and save time in getting you specialized care when you do need it.

**Action Step #2: Look for doctors in the Anthem Enhanced Personal Care program who go the extra mile to act as your true partner in staying healthy.**

Enhanced Personal Health Care primary care physicians (PCPs) help ensure you get the treatment you need, and help you remember to do things like taking your medications and getting your annual physical, eye exams, and age-appropriate screenings like mammograms. They help you set up appointments with specialists, and they follow up with those specialists. And they offer more ways than usual for you to get care. For instance, you may be able to them during extended office hours or through an online visit.

To locate an Enhanced Personal Health Care PCP, go to anthem.com and select “Find a Doctor”. Pick your state and plan/network. Enter your location and preferred search radius. Select the checkboxes “Able to serve as primary care physician (PCP)” and, under Show more options, “Enhanced Personal Health Care.” Or call the member service number on your Anthem ID card. Or use the Find a Doctor tool in the Anthem mobile app, and look for doctors with Enhanced Personal Health Care listed under their Quality Snapshot.

**Action Step #3: It pays to ask about your alternatives for certain procedures, scans, and tests.**

Did you know that costs for the same quality and type of service can vary greatly depending where you receive it? Often scans (like MRIs and CT scans), medical tests, services, and routine surgeries performed at freestanding imaging centers and surgery centers can be a fraction of the cost as compared to services rendered in hospital outpatient settings. Ask your doctor if your test, scan, surgery, or medical service can be performed at a lower-cost, high-quality freestanding location to help save you money.

**Action Step #4: Use freestanding laboratory services.**

Freestanding (reference) laboratories often are able to perform lab services such as drawing blood at a lower cost and pass along these savings to you.

**Action Step #5: Know the cost before you get care.**

Think a knee replacement costs about the same at all hospitals? Think again! The Estimate Your Cost tool at anthem.com gives you hospital-specific cost estimates so you can compare costs before you receive services.

**Action Step #6: Choose generic vs. brand name medications.**

Check with your physician to see if a generic medication is appropriate. Generic prescription drugs are approved by the Food and Drug Administration (FDA), are as effective as their brand name counterpart, and typically cost 30 to 80 percent less than brand-name drugs. If there is no generic available, ask your doctor if there’s a lower-cost drug in the same class (meaning drugs used for the same condition – e.g., for high blood pressure).

**Action Step #7: Use over-the-counter medications for minor conditions.**

Over-the-counter (OTC) medications don’t require a prescription, yet they contain the same active ingredients as the prescription equivalent. OTC medications frequently cost you less out-of-pocket than filling the prescription through a pharmacy or mail order. Seasonal allergies and heartburn are common conditions for which you can use OTC medications. (Before replacing a prescription with an OTC medication, consult your physician.)

**Action Step #8: Avoid emergency rooms for non-life threatening conditions.**

Emergency room (ER) services cost considerably more and usually involve much longer wait times than services performed in your primary care physician’s office, retail health clinic, or urgent care. The ER should not be used for non-life threatening conditions such as minor cuts and sprains, ear infections, urinary tract infections, colds and the flu. Call the 24/7 NurseLine number on your Anthem ID card any time for after-hours guidance from a live nurse.

---

*Limited to visits coded with severity levels 1-4; excludes visits that include surgical procedures, observation stays, or high-tech imaging.*

Based on Anthem Ohio fully-insured, non-refusing Local Group and Individual claims incurred 1/1/15-9/30/15.
Action Step #9: Now you can see a doctor online any time, anywhere!

With LiveHealth Online, you don’t have to deal with scheduling an appointment or long wait times. In fact, you don’t even have to leave your home or office! Using your smartphone, tablet, or computer’s camera for two-way video, through LiveHealth Online you can see a Board-certified doctor who can answer questions, make a diagnosis, and even prescribe basic medications when needed. This service is fully integrated with your Anthem insurance, and at most, only $49 – even for non-Anthem members. LiveHealth Online doctors are available 24/7/365. Common visit reasons include colds, flu, allergies, sinus infections, urinary tract infections, etc. Enroll at LiveHealthOnline.com and download the free app now.

Action Step #10: Take advantage of wellness benefits.

Wellness or prevention benefits such as mammograms, immunizations, and annual checkups help you stay healthy. By making the most of these benefits, you can potentially prevent more costly chronic conditions such as diabetes and high blood pressure, which require more services and more visits to your physician. You can find your wellness benefits using the MyAnthem feature at www.anthem.com or by calling the Member Services number on your ID card for personalized benefit information.

Action Step #11: Use in-network health care providers.

Anthem contracts with health care providers to offer services to our members at a discounted rate. If providers aren’t contracted with Anthem, they’re considered “out-of-network”. If you visit these non-contracted/out-of-network providers, your out-of-pocket costs will be higher because they may balance-bill you for amounts beyond the payment they receive from Anthem.

Don’t assume all health care providers are contracted with Anthem (i.e., “in-network”). Check their contract status before seeking services on the “Find a Doctor” tool at www.anthem.com. If you don’t find the provider listed there, (s)he is most likely out-of-network. You can also call the health care provider’s or the Anthem Member Services number on your Anthem ID card to ask whether they are in Anthem’s network.

Action Step #12: Download the Anthem app.

Download the Anthem Blue Cross and Blue Shield app and log in so you can see your plan information. You can use your smartphone to:
- Look for a nearby, in-network doctor
- Find an urgent care center, hospital or emergency room quickly – plus maps and driving directions
- See recent claims, including what Anthem paid and if you owe anything
- Pull up a mobile ID card you can share with a doctor

To download the free app, search for “Anthem Blue Cross and Blue Shield” at the App Store® or Google Play™.

At www.anthem.com, there’s a lot of great information available to help you compare your health care options and costs, and on ways to improve your health. Once you take the simple online Health Risk Assessment on www.anthem.com, we can suggest ways that you could improve your health and well being.

REGISTER TODAY AT ANTHEM.COM!
And download the free Anthem mobile app to learn more about your health care options, costs, and ways to take control of your health.

Cut out and keep these handy cost-saving tips in your wallet.

Helpful tips to lower your out-of-pocket costs:
- Choose generic and over-the-counter medications.
- Call your doctor, LiveHealth Online, or the Anthem 24/7 NurseLine for guidance about after-hours care.
- Register for LiveHealth Online now – before you get sick – and download the app.
- Know where your nearest urgent care is located.
- Compare procedure and imaging costs at local facilities in advance at anthem.com.
- Request that imaging and labs be ordered at less expensive freestanding facilities.
How does Enhanced Personal Health Care work?

We help the doctors who are part of Enhanced Personal Health Care treat you as a whole person — not as a sore throat or a backache.

We do this by giving your doctor tools and information to help you make the best decisions for your health care together. And we encourage your doctor to be available by phone or email, so you don’t need an office visit when you just want to ask a quick question. If you do need to see a doctor, you may be able to see one when it’s best for you — early mornings, evenings or weekends.

This is the kind of approach to care that a lot of the PCPs in our networks give.

Why do you need a PCP?

Simple. A PCP helps you get and stay healthy. This doctor is your health champion.

Whether you go to your doctor rarely or often, you should find a PCP you like and trust. Your PCP will be there for you whenever you need care, focusing on your “whole” health — not just your symptoms. This doctor knows you well, understands how you want to get care and will work with other health care providers when you need more care. Your PCP will also focus on preventive care and wellness to keep you healthy.

Who is a PCP?

There are different kinds of PCPs:

- **Family practitioners** work with people of all ages and give a wide range of care.
- **Pediatricians** treat children.
- **Internists** give general and preventive care, mostly for adults. They also may have special knowledge about specific health problems.
- **An obstetrician or gynecologist** treats women, especially those who want or are having kids.
- **Nurse practitioners** and **physician assistants** aren’t doctors, but they’ve had lots of training. They can do many of the same things that doctors do.
How should you choose a PCP?

There are lots of things to think about. What works for one person might not work for you. It’s a personal decision based on what matters most to you. Think about things like:

- Do you want a doctor who’s close to home or work?
- Are weekend and evening hours important to you?
- Will your doctor contact you when you are due for checkups or tests?
- Does your doctor call you back quickly?
- Do you want a doctor whose style is friendly and warm or more formal?
- What do other medical professionals and patients say about the doctor and the office staff?
- Will your doctor support your active involvement in your health care?
- Will your doctor be your partner in your health care needs?

It all depends on what qualities you want in a doctor and the kind of relationship you desire.

If you want a doctor who wants you to be actively involved in your health care and who will become your guide and supporter, you may want to choose an Enhanced Personal Health Care PCP.

An Enhanced Personal Health Care PCP:

- Gives you care that doesn’t just treat an illness; it also helps prevent it. Your PCP wants you to get healthy and stay that way. And that includes making sure there are no gaps in your care. Things like, did you get the treatment you were supposed to have? Do you need your yearly exam? Are you overdue to have your eye exam?
- Gives you personalized care that helps you get the care you need. Your PCP helps set up any appointments with specialists and follows up with those doctors to make sure you get the care that’s right for you.
- Is a real partner in your health. Your PCP wants to get to know you and answer your questions. We provide support and resources to help with that.
- Offers lots of ways you can get care. There’s more to your care than an office visit. You may be able to use online access for Web visits or see your doctor during extended office hours.

Enhanced Personal Health Care won’t work without you

Even though Enhanced Personal Health Care PCPs are partners in your health, you won’t be able to reach your health goals without doing your part. There’s no paperwork and you don’t have to sign up to get Enhanced Personal Health Care. All you have to do is be involved in your care. Here’s how you can help:

- Learn about any health condition you have and what you can do to get and stay as healthy as possible.
- Follow the care plan that you and your doctor create.
- Bring any questions you have to each visit. Also, bring a list of any medicines, vitamins or treatments you use.
- Ask your doctor to explain anything you don’t understand.
- Tell your doctor when you get care from other health professionals. That way, your doctor can work with them for the best care possible.
- Let your doctor know what you liked and didn’t like about your care. That will help your doctor work on making it even better.

What does all of this mean for you?

It means we’re cooperating with doctors to make it easier to get the care you need where and when you need it. With Enhanced Personal Health Care, we pay doctors for quality of care, not just for the number of patients they see. That means they can take more time to listen to you. And that helps you not feel as rushed — whether it’s in the office, after hours, on the weekends or maybe even on the Web. And we’re not just saying that; Enhanced Personal Health Care doctors have committed to it.

*Not all members can choose a PCP at this time. We’re working to expand this capability and hope to have it available for all members by 2016.*
Knowing where to go if you get sick or hurt can save you lots of time and money, and help you get the best medical care. How do you choose where to go when the unexpected happens?

The emergency room (ER) shouldn’t be your first stop — unless there’s a true emergency.

Go to the nearest emergency room or call 911 if:

- There is a lot of pain or bleeding.
- You think a bone is broken.
- You are having trouble breathing.
- You think the problem might get a lot worse if you don’t get help right away.
- You think the problem could kill you.
- There was no warning before your symptoms started.

If you need help but it isn’t an emergency, follow these steps:

- **Call your doctor.** He or she can help you decide whether you should go to an urgent care or come into the office.
- **Go to a retail health clinic.** These are small offices in drug stores or other large stores. They are open on weekends, evenings and most holidays. If the clinic can’t help you, they’ll tell you where to go next and you won’t have to pay.
- **Go to an urgent care center.** Urgent care is for when you need to be treated right away, but your problem isn’t serious. These centers are open late at night, and on weekends and holidays.
When do I need urgent care?
While urgent and emergency situations are both serious, urgent care is for problems that need attention right away, but are not severe or life-threatening.
You should go to urgent care for things like an earache, sore throat, rash, sprained ankle, flu or a fever up to 104°. A higher fever might be an emergency.

Am I covered for emergency care?
Most health plans cover medical care at an emergency facility for situations like the ones listed above.

Am I covered for urgent care?
Urgent care is usually covered if it’s provided in a non-ER setting by a provider in the network. If you need urgent care and your doctor can’t see you right away, use your best judgment to decide what to do. Urgent care might not be covered at the same level as emergency care. But if you think you need to see someone right away, it's best to get care now and find out what your benefits will pay later.

To find a doctor, retail health clinic or urgent care center in your network, go to anthem.com, click on “Find a Doctor” and follow the step-by-step instructions to do a provider search.

Visit anthem.com for more ways to get healthy — and stay healthy.
Have you ever been at work and didn’t feel well? Maybe you had a fever or a sore throat but you didn’t have time to leave and see your doctor or go to urgent care. Now, with LiveHealth Online, you can see a board-certified doctor in minutes.

Just use your smartphone, tablet or computer with a webcam. It’s so convenient, almost 90% of people who’ve used it feel they saved two hours or more and would use it again in the future.1 Plus, online visits using LiveHealth Online are already part of your Anthem Blue Cross and Blue Shield benefits. To start using LiveHealth Online, all you need to do is sign up at livehealthonline.com or download the app.

Sign up for free today and get:

1. **24/7 access to doctors.** They can assess your condition, provide treatment options and even send a prescription to the pharmacy of your choice, if needed.2 It’s a great way to get care when your doctor isn’t available.

2. **Medical care when you need it.** For things like the flu, a cold, sinus infection, pink eye, rashes, fever and more.

3. **Convenience.** Since there are no appointments or long waits. In fact, most people are connected to a doctor in about 10 minutes or less.

Doctors using LiveHealth Online typically charge $49 or less per visit, depending on your health plan.

**LiveHealth Online Psychology**

An easy, convenient way to see a therapist or psychologist in just a few days

If you’re feeling stressed, worried, or having a tough time, you can talk to a licensed psychologist or therapist through video using LiveHealth Online Psychology. It’s easy to use, private and, in most cases, you can see a therapist within four days or less.3 All you have to do is sign up at livehealthonline.com or download the app to get started. The cost is similar to what you’d pay for an office therapy visit.

**Make your first appointment — when it’s easy for you**

- Use the app or go to livehealthonline.com and log in. Select LiveHealth Online Psychology and choose the therapist you’d like to see.
- Or, call LiveHealth Online at 1-844-784-8409 from 7 a.m. to 11 p.m.
- You’ll get an email confirming your appointment.
LiveHealth Online: what you need to know

What kind of doctors can you see on LiveHealth Online?

Doctors on LiveHealth Online are:

- Board certified with an average of 15 years of practicing medicine
- Mainly primary care physicians
- Specially trained for online visits

When can you use LiveHealth Online?

LiveHealth Online is a great option for care when your own doctor isn’t available and more convenient than a trip to the urgent care. With LiveHealth Online, you can receive medical care for things like:

- Cold and flu symptoms, such as a cough, fever and headaches
- Allergies
- Sinus infections and more

How do I pay for an online visit using LiveHealth Online?

LiveHealth Online accepts Visa, MasterCard and Discover cards as payment for an online doctor visit. Keep in mind that charges for prescriptions aren’t included in the cost of your doctor visit.

How do I pay for an online visit using LiveHealth Online?

After you log in at livehealthonline.com or with the app, select LiveHealth Online Psychology. Next, you can read profiles of therapists and psychologists. Once you select the one you would like to see, schedule a visit online or by phone. At the end of the first visit, you can set up future visits with the same therapist if both of you feel it’s needed. You always have the choice of the therapist you want to see.

What else do I need to know about LiveHealth Online Psychology?

- You must be at least 18 years old to see a therapist online and have your own LiveHealth Online account.
- Psychologists and therapists using LiveHealth Online do not prescribe medications.
- Visits usually last about 45 minutes.

Get started today

It’s quick and easy to sign up for LiveHealth Online. Just go to livehealthonline.com or download the mobile app at Google Play™ or the App Store™.
Choose an easier way to better health

Health and wellness programs designed for your unique needs

Whether you’re suffering from asthma, expecting a baby or just fighting a cold, our health and wellness programs can help.

### ConditionCare

If you have asthma, diabetes, chronic obstructive pulmonary disease (COPD), heart disease or heart failure, ConditionCare can give you the tools and resources you need to take charge of your health. You’ll get:

- 24/7, toll-free phone access to nurses who can answer health questions.
- Support from nurse care managers, dietitians and other health care professionals to help you reach your health goals.
- Educational guides, electronic newsletters and tools to help you learn more about your condition(s).

### Future Moms

Having a baby is an exciting time! Future Moms can help you have a healthy pregnancy and a healthy baby. Sign up as soon as you know you’re pregnant. You’ll get:

- A nurse specializing in obstetrics who can answer your questions, 24/7, and will call to check on your progress.
- The *Mayo Clinic Guide to a Healthy Pregnancy*, which explains the changes your body and baby are going through.
- A screening to check your health risks.
- Resources to help you make healthier decisions during pregnancy.
- Free phone access to pharmacists, nutritionists and other specialists, if needed.
- Other helpful information on labor and delivery, including options and how to prepare.

### 24/7 NurseLine

Whether it’s 3 a.m. or a lazy Sunday afternoon, you can talk to a registered nurse any time of the day or night.

These nurses can:

- Answer questions about health concerns.
- Help you decide where to go for care when your doctor isn’t available.
- Help you find providers and specialists in your area.
- Enroll you and your dependents in health management programs.
- Remind you about scheduling important screenings, exams and checkups.

---

Get the support you need

Call us to sign up and use these programs at no extra cost:

- ConditionCare: 866-962-1071
- Future Moms: 800-828-5891
- 24/7 NurseLine: 800-337-4770

ComplexCare: support when you need it most

Coping with any health problem can be tough. But when you have one or more ongoing conditions that require special care, you need all the support you can get.

ComplexCare is here to give you that support — at no extra cost!

Our nurse care managers will work closely with you and your doctors to create a personalized care plan. That means we’ll:

- Help you set and achieve healthy lifestyle goals.
- Answer your treatment questions.
- Refer you to other health and wellness programs.
- Share new ideas for taking care of yourself and sticking to your doctor’s advice.
- Keep your doctors and other health care providers, like pharmacists and nutritionists, connected and on the same page.

How do you get started?

We’ll be in touch if we think this program is right for you. Can’t wait? Call Member Services at the number on your member ID card to see whether ComplexCare might be a good fit.

What do ComplexCare members say about their experience?

75% are satisfied with the support they got.*

Save money with discounts at anthem.com

Saving money is good. Saving money on things that are good for you — that’s even better. With SpecialOffers@Anthem®, you can get discounts on products and services that help promote better health and well-being.* It’s just one of the perks of being a member. Check out how much you can save:

Vision and hearing

**1-800 CONTACTS®** — Get contact lenses quick and easy — plus discounts only available to Anthem members, like $20 off when you spend $100 or more and free shipping.

**Glasses.com™** — Get the latest, brand-name frames for just a fraction of the cost at typical retailers — every day. Plus, you get an additional $20 off orders of $100 or more, free shipping and free returns.

**Premier LASIK** — Save 15% on LASIK with all in-network providers. Prices are as low as $695 per eye with select providers.

**Amplifon** — Get a low-price guarantee with the seven top companies that work with Amplifon. Save $50 on one hearing aid or $125 on two. Plus, get a three-year repair/loss/damage warranty and a free two-year supply of batteries.

**Beltone** — Get hearing screenings and in-home service at no additional cost, and up to 50% off all Beltone hearing aids.

Fitness and health

**Jenny Craig®** — Join Jenny Craig and get a 30-day trial at no additional cost and 50% off enrollment.

**Lindora®** — Save 20% on weight-loss programs.

**SelfHelpWorks** — Choose one of the online Living programs and get a 40% discount to help you lose weight, stop smoking, manage stress or face an alcohol problem.

**GlobalFit™** — Save on gym memberships, home fitness equipment and GlobalFit’s Virtual Gym.

**ChooseHealthy™** — Get preferred pricing on fitness club memberships and a one-week free trial. Enjoy discounts on acupuncture, chiropractors and massage — plus 40% off certain wellness products.

**FitOrbit®** — Get your own personal trainer for less than $2 a day. Fitness legend Jake Steinfeld (Body by Jake®) created FitOrbit — giving everybody the ability to afford a personal trainer.

**Performance Bicycle** — Get $20 off a purchase of $80 or more in store or online.

Check out more SpecialOffers@Anthem™ on the other side.
SpecialOffers@AnthemSM on anthem.com

**Family and home**

**Safe Beginnings** — Babyproof your home while saving 15% on everything from safety gates to outlet covers.

**VPI Pet Insurance** — Get 5% off pet insurance. Get peace of mind knowing that you have help paying the medical costs for your pet’s accidents, illnesses and routine medical care.

**ASPCA Pet Health Insurance** — Get 5% off pet insurance. You can choose from three levels of care, including flexible deductibles and custom reimbursements.

**LinkWell** — Get coupons for healthier products.

**WINFertility** — Save up to 40% on infertility treatment. WINFertility helps make quality treatment affordable.

**LifeMart** — Get great deals on beauty and skin care, diet plans, fitness club memberships and plans, personal care, spa services and yoga classes, sports gear and vision care.

**Medicine and treatment**

**Puritan’s Pride** — Save 10% and get free shipping on a large selection of vitamins, minerals, herbs, supplements and much more.

**Murad** — Save $25 and get a free gift with any purchase of $100 or more on skin care products.

**Allergy Control products** — Save 25% on Allergy Control encasings for your bed. Plus, save 20% on a variety of doctor-recommended products for a healthier home and enjoy free shipping on orders of $150 or more.

**National Allergy supply** — Save 15% on mattress encasings, air filtration products, compressors and other products that can help relieve your allergy, asthma and sinus symptoms.

*All discounts are subject to change without notice.*

It's important we treat you fairly
That’s why we follow federal civil rights laws in our health programs and activities. We don’t discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people with disabilities, we offer free aids and services. For people whose primary language isn’t English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Call the Member Services number on your ID card for help (TTY/TDD: 711). If you think we failed to offer these services or discriminated based on race, color, national origin, age, disability, or sex, you can file a complaint, also known as a grievance. You can file a complaint with our Compliance Coordinator in writing to Compliance Coordinator, P.O. Box 27401, Mail Drop VA2002-N160, Richmond, VA 23279. Or you can file a complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at 200 Independence Avenue, SW; Room 509F, HHH Building; Washington, D.C. 20201 or by calling 1-800-368-1019 (TDD: 1- 800-537-7697) or online at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf. Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.
Let's talk about your privacy and rights
Safeguarding your information

As a member, you have the right to expect us to protect the privacy of your personal health information. We do this according to state and federal laws, and our policies. You also have certain rights and responsibilities when receiving your health care.

To learn more about how we protect your privacy, your rights and responsibilities when receiving health care and your rights under the Women's Health and Cancer Rights Act, go to www.anthem.com/memberrights. To ask for a printed copy, please contact your Benefits Administrator or Human Resources representative.

How we help manage your care

To decide if we'll cover a treatment, procedure or hospital stay, we use a process called Utilization Management (UM). Doctors and pharmacists who want to be sure you get the best treatments for certain health conditions make up Anthem’s UM team. They review the information your doctor sends us. These reviews can be done before, during or after your treatment. We also use case managers. They're licensed health care professionals who work with you and your doctor to help you learn about and manage your health conditions. They also help you better understand your health benefits.

To learn more detailed information about how we help manage your care, visit www.anthem.com/memberrights. To request a printed copy, please contact your Benefits Administrator or Human Resources representative.

Special Enrollment Rights

Open enrollment usually happens once a year. That's the time you can enroll in a plan or make changes to it. If you choose not to enroll yourself or dependents during open enrollment, there are special cases when you're allowed to enroll yourself and dependents in a plan during other times of the year. Special enrollment is allowed:

- **If you had another health plan that was canceled.** If you, your dependents or your spouse are no longer eligible for other coverage (or if the employer stops contributing to your health plan), you may be able to enroll with us. You must enroll within 31 days after the other coverage ends (or after the employer stops paying for it). For example: You and your family are enrolled through your spouse's coverage at work. Your spouse's employer stops paying for health coverage. In this case, you and your spouse, as well as other dependents, may be able to enroll in one of our plans.

- **If you have a new dependent.** You gain new dependents from a life event like marriage, birth, adoption or if you have custody of a minor and an adoption is pending. You must enroll within 31 days after the event. For example: If you got married, your new spouse and any new children may be able to enroll in a plan.

- **If your eligibility for Medicaid or SCHIP changes.** You have a special period of 60 days to enroll after:
  - You (or your eligible dependents) lose Medicaid or SCHIP coverage because you’re no longer eligible.
  - You (or eligible dependents) become eligible to get help from Medicaid or SCHIP for paying part of the cost.
Ready to enroll?

Here’s how:

Stay tuned, your Benefits Administrator or Human Resources Representative will contact you soon with specific enrollment instructions for your organization. Then just follow those steps to join one of our plans.
