

Public Information & Education

Every effort is made to inform the public as well as a 30 day warning before citations are issued

Cutting edge Technology

Single lane Lidar leaves no question and is 100% accurate in identifying violators.

WHY PHOTO SPEED ENFORCEMENT?

On average most schools see a 92% reduction in speeding vehicles

The combination of public information as well as the 30 day warning period, provides the best opportunity to see success and change driver behavior, making Youngstown a safer place.

SCHOOL BENEFITS

- Traffic Calming
- Additional tool for School Resource Officers
- Increased Safety for Children
- Changes Driver Behavior
