PUBLIC SERVICE ANNOUNCEMENT/PRESS RELEASE

The Youngstown City Health District will offer a rabies vaccination clinic dogs, cats, and ferrets over three months. The Clinic will be held at 345 Oak Hill Ave. in the parking deck on September 15, 2018, from 2:00 pm to 3:00 pm. Rabies vaccination is required in the City of Youngstown and Mahoning County. The cost is \$6 per shot. Pet owners must have their pets on a leash, in a cage, or restrained. No appointment is necessary.

Rabies is a preventable, potentially deadly, viral disease most often transmitted through bites and scratches from unvaccinated pets, strays, and wildlife. The clinic is part of a coordinated effort to prevent rabies through education, awareness, and pet vaccination.

The Youngstown City Health District
is sponsoring
